

### **Science:**

The children will develop their investigative skills predicting and testing outcomes. They will question: What is light? How do we see things? How does light travel? How are shadows formed? How an electrical circuit and its components work.

### **History:**

Children will explore the local history of Ashley, focusing on the arrival of the railway, wartime and the schools in our area.

### **Maths:**

National Curriculum objectives on Place Value, number to 10,000,000 and calculation using the four operations: addition, subtraction, multiplication and division.

## **Year 6 Autumn Term How we used to live**

### **Computing:**

Using WeDo2.0 Lego which helps apply computational thinking through hands-on coding by building machines. They will complete a coding in action project. Online safety.

### **RE:**

- Peace (Islam) and Incarnation (Christianity)

### **French:**

Let's Visit a French Town.

### **Art**

Children will explore the sketches of George Stubbs, creating pencil techniques such as tone and shade. They will create fine line drawings of horses.

### **Educational Visit:**

We will be visiting Bovington Tank Museum.

### **PSHE:**

The children will explore: How can we stay healthy as we grow? Looking after our mental health and considering medicines and drugs.

### **Music:**

Children will be exploring the world of Modern Music. Looking at the Structure and formation of a song (Pop and Rap) with the end product of producing their own song.

### **PE - Tuesdays**

Through the 'Real PE' scheme the children will be focusing on:

- Continue to develop an understanding of how to improve in different physical activities.
- Learn games to keep fit and healthy.

### **English:**

Based on a variety of written and visual texts, including 'Francis' by Dave Eggars and 'War Horse' by Michael Morpurgo, children will create diaries, persuasive leaflets and narratives.
