# Diarrhoea and vomiting in children

READY  
RESPECTFUL  
RESPONSIBLE

Keep kids home from school for

after symptoms have passed. This is enough time to let the virus run its course

If your child already has a serious illness, or symptoms last longer than a few days, contact your GP to seek advice

You don't need to visit the GP for stomach bugs such as **Norovirus**. Symptoms usually clear up in a few days.

Visit [nhs.uk/norovirus](https://www.nhs.uk/norovirus) for advice on managing the spread of Norovirus

## Home Treatment

Paracetamol is useful for fever or aches and pains

Give kids plenty of water to stay hydrated and replace lost fluids

If your child feels like eating, give them bland foods

We celebrated the sun last week... but it was all downhill from there weather-wise!

This did not affect the children's spirits though. A wonderful week of smiling faces and healthy eating a breakfast time. This mixed in with some Play-Doh paper airplane making and general creativeness inside after school was wonderful fun.

Please make sure you book your child online via [www.premier-education.com](http://www.premier-education.com). Children who are not booked in for Breakfast and after school we will be contacting parents to come and collect them. If anyone has any problems booking please contact us and we will be happy to help you.
